

WE SUPPLY MORE THAN PIPE. WE SUPPLY TRAINING SOLUTIONS.

GET IT ALL AT GAJESKE

For training done right, look no further than Gajeske. We provide accredited, industry-recognized Operator Qualification and Fusion Certification training to empower your team with the skills to safely and effectively operate fusion equipment.

- McElroy-certified instructors
- Classroom and hands-on training
- Small, medium, and large diameter fusion training
- Instruction in English or Spanish
- Training at our location or yours

We're the perfect fit for every training need.

If you think Gajeske only supplies polyethylene piping systems, think again. **We supply solutions.**

We offer a complete range of services to assist you with any project that comes your way.

OPERATOR QUALIFICATION

Gajeske goes the extra mile to give your team the know-how they can't get anywhere else. As an Accredited Training and Assessment Center, we provide Operator Qualification certification for:

- Energy World Net (EWN)
- Industrial Training Services (ITS)
- National Center for Construction Education and Research (NCCER)

FUSION CERTIFICATION

Our renowned Fusion Certification training program puts your team in the trenches with expert hands-on instruction in use of fusion equipment, safety procedures, common fusion hazards and more. Our training covers:

- Small, Medium & Large Diameter Butt Fusion
- Socket Fusion
- Sidewall Fusion
- Electrofusion & Mechanical Fusion
- Fusion Equipment Inspection

TAKE YOUR TRAINING TO THE NEXT LEVEL.
