You can't take chances with your commercial underground fire protection system. Gajeske is your **go-to supplier** of FM Approved HDPE pipe and fittings, licensed by the Texas State Fire Marshal Office.

FM Approved HDPE pipe undergoes Factory Mutual's **rigorous testing** for durability, including hydrostatic and stiffness tests to ensure superior performance. Plus, FM Approved products result in **lower insurance costs** by reducing the risk of loss in the event of fire or explosion.

We carry these FM Approved pipe products:

- Class 200psi (SDR11)
- Class 250psi (SDR9)
- Class 335psi (SDR7)

We're the perfect fit for fire protection applications.

If you think Gajeske only supplies polyethylene piping systems, think again. **We supply solutions.**

We offer a complete range of services to assist you with any project that comes your way.
